Ten Strategies of a World-Class Cyber Security Operations Center conveys MITRE's accumulated expertise on enterprise-grade computer network defense. It covers ten key qualities of leading Cyber Security Operations Centers (CSOCs), ranging from their structure and organization, to processes that best enable smooth operations, to

Read Book Army Cyber Awareness Training

Approaches that extract maximum value from key CSOC technology investments. This book offers perspective and context for key decision points in structuring a CSOC, such as what capabilities to offer, how to architect large-scale data collection and analysis, and how to prepare the CSOC team for agile, threat-based response. If you manage, work in, or are standing up a CSOC, this book is for you. It is also available on MITRE's website, www.mitre.org.

In response to a tasking from the Air Force chief of staff, the Air Force Research Institute conducted a review of how the service organizes, educates/trains, and equips its cyber workforce. The resulting findings were used to develop recommendations for how the Air Force should recruit, educate, train, and develop cyber operators from the time they are potential accessions until they become senior leaders in the enlisted and officer corps. This study's discoveries,

Read Book Army Cyber Awareness Training

Analyses, and recommendations are aimed at guiding staff officers and senior leaders alike as they consider how to develop a future cyber workforce that supports both Air Force and US Cyber Command missions across the range of military operations.

Jordan Wylie, a young man from a tough area of Blackpool where kids like him often went off the rails, chose a life in the army. He saw service in Iraq and learned to cope with the horrors he'd witnessed, then suffered an injury that blocked any chance of climbing up the military

ladder. But an old army colleague suggested he join a security team on a tanker in Yemen. Ex-servicemen were offered dazzling salaries and James Bond lifestyles between jobs protecting the super-tankers carrying consumer goods to Europe and the US. However, for the men tempted to go, the price they paid was the claustrophobia and isolation of life on board and the ever-present possibility of death skimming towards them across the vast, lonely blue sea. Jordan was one of these men. In Citadel, he writes the first account of these dangerous years from someone at the front. A young
