is grossly inferior to  
Borderlands and  
Borderlands 2. The  
guide book compared to  
the guide books of the  
first two games, is  
grossly inferior. But  
overall, the Pre-Sequel  
game is relatively  
straight forward to play  
and you really don't  
need that detail of the  
guide book to finished  
the game. Really.

Borderlands: The Pre-  
Sequel is a decent game  
and a fine entry in the  
series, with plenty of  
guns and fun  
characters. However, the  
story is totally  
unnecessary to the  
franchise overall.

Borderlands: The Pre-  
Sequel is set between  
the first and second  
game, and it attempts to
