Brands and Branding Geographies:

Amazon.co.uk: Pike, Andy ...

Brands and branding can sometimes seem pervasive. Yet, the geographies of brands and branding have been relatively neglected and under-researched, especially in economic geography. The focus here is the historically longstanding and well-established brands and branding of goods and services. Drawing on empirical examples to ground its claims, the

Online Library Brands And Branding Geographies

Abstract. This paper seeks to elucidate the geographies of brands and branding through interpreting their geographical entanglements. Focusing upon goods and services, it argues, first, that the object of the brand and the process of branding are geographical because they are entangled in inescapable spatial associations.
