When the computer restarts, BJ Network Tool will start up. If it does not start automatically, select Library - Printers - Canon - BJ Printer - Utilities - BJ Network Tool. Select Setup from the pop-up menu and iP4000R in Printer, then click OK. Page 30 Setup automatically detects your access point. If you connect to a network that is not protected with security measures, there is a risk of disclosing data such as your personal information to a third party.
