From the time of its first publication, 'Tearoom Trade' engendered controversy. It was also accorded an unusual amount of praise for a first book on a marginal, intentionally self-effacing population by a previously unknown sociologist. The book was quickly recognized as an important, imaginative, and useful contribution to our understanding of "deviant" sexual activity. Describing impersonal, anonymous sexual encounters in public

restrooms—"tearooms" in the argot—the book explored the behavior of men whose closet homosexuality was kept from their families and neighbors. By posing as an initiate, the author was able to engage in systematic observation of homosexual acts in public settings, and later to develop a more complete picture of those involved by interviewing them in their homes, again without revealing their unwitting participation in his study. This enlarged edition of 'Tearoom Trade' includes the original text, together with a retrospect, written by Nicholas von Hoffman, Irving Louis Horowitz, Lee Rainwater, Donald P. Warwick, and Myron Glazer. The material added includes a perspective on the social scientist at work and the ethical problems to which that work may give rise, along with debate by the book's initial critics and proponents. Humphreys added a postscript and his views on the opinion

expressed in the retrospect.

In this madcap journey, a bestselling journalist investigates psychopaths and the industry of doctors, scientists, and everyone else who studies them. The Psychopath Test is a fascinating journey through the minds of madness. Jon Ronson's exploration of a potential hoax being played on the world's top neurologists takes him, unexpectedly, into the heart of the madness industry. An influential psychologist who is convinced that many important CEOs and politicians are, in fact, psychopaths teaches Ronson how to spot these high-flying individuals by looking out for little telltale verbal and nonverbal clues. And so Ronson, armed

Read Online Citi Quiz Answers

with his new psychopath-spotting abilities, enters the corridors of power. He spends time with a death-squad leader institutionalized for mortgage fraud in Coxsackie, New York; a legendary CEO whose psychopathy has been speculated about in the press; and a patient in an asylum for the criminally insane who insists he's sane and certainly not a psychopath. Ronson not only solves the mystery of the hoax but also discovers, disturbingly, that sometimes the personalities at the helm of the madness industry are, with their drives and obsessions, as mad in their own way as those they study. And that relatively ordinary people are, more and more, defined by their maddest edges.

during World War II as one of the young geniuses on the series Quiz Kids. With the uncanny ability to perform complex math problems in his head, Joel endeared himself to audiences across the country and became a national obsession.

Following a childhood spent in the public eye, only to then fall victim to the same public 's derision, Joel deliberately spent the remainder of his life removed from the world at large. With wit and heart, Michael Kupperman presents a fascinating account of mid-century radio and early television history, the pro-Jewish propaganda entertainment used to counteract anti-Semitism, and the early age of modern celebrity culture. All the Answers is both a powerful father-son story and an engaging portrayal of what identity came to mean at this turning point in American history, and shows how the biggest stages in the world can overcome
