"synopsis" may belong to another edition of this title. About ...

Police hunt for a perp who 's picking off politicians in this " triumph " (Chicago Sun-Times). The detectives of the 87th Precinct have gotten a call threatening the life of the city 's parks commissioner unless a five-thousand-dollar ransom is paid. It seems like an obvious crank call. The deadline soon passes—and the parks commissioner is shot in the head as he leaves a concert. Soon, another anonymous warning follows and the deputy mayor is blown up in his Cadillac. The next target is the young, charismatic Kennedy-esque mayor. It 's up to the precinct 's hardworking detectives to find this shrewd serial assassin before he can strike again. The basis for a 1972 film, Fuzz is a suspenseful and darkly funny thriller in the long-running 87th Precinct series, which the Washington Post called " simply the best police procedurals being written in the United States today. "

"The murder of three detectives in quick succession in the 87th Precinct leads Detective Steve Carella on a search through the city's underside and ultimately into the murderer's sights"--NovelList.

A police detective hunts for a pattern in a puzzling murder spree in this mystery by " a master " (Time). A blind violinist taking a smoke break. A cosmetics sales rep cooking an omelet in her own kitchen. A college professor trudging home from class. A priest contemplating retirement in the rectory garden. An old woman walking her dog. These are the seemingly random targets, all shot twice in the face. But most serial killers don 't use guns. Most serial killers don 't strike five times in two weeks. And most serial killers ' victims have something more in common than just being over fifty years of age. Now it falls to Det. Steve Carella and his colleagues in the 87th Precinct to find a connection that will crack this case—before another body is found. As Entertainment Weekly said about this long-running, much-loved police procedural series: " Imagine your favorite Law & Order cast solving fresh mysteries into infinity, with no reruns, and you have some sense of McBain 's grand, ongoing accomplishment. "

In this city, you have to pay attention. In this city, things are happening all the time, all over the place, and you don't have to be a detective to smell evil in the wind. Take this week's tabloids: the face of a dead girl is splashed across the front page. She was found sprawled near a park bench not seven blocks from the police station. Detectives Carella and Brown soon discover the girl has a most unusual past. Meanwhile, the late-night news tracks the exploits of The Cookie Boy, a professional thief who leaves his calling card -- a box of chocolate chip cookies -- at the scene of each score. And while the detectives of the 87th Precinct are investigating these cases, one of them is being stalked by the man who killed his father. Welcome to the Big Bad City.

Critically examines the 87th Precinct series of police procedural novels and stories written by Ed McBain (pseudonym of Evan Hunter).

It should have been the night that launched a new pop idol. Tamar Vaiparaiso is young and beautiful, with the body and voice of an angel, and the stage is set for her to launch her debut album, Bandersnatch, on a luxury yacht in the heart of the city. But halfway through her performance, while the partygoers look on helplessly, masked men drag Tamar off the stage and into a waiting speedboat. Detective Steve Carella is just showing up for the graveyard shift when news of the kidnapping comes in. Working disjointedly with a Joint Task Force that calls itself "The Squad," Carella and the men and women of the Eight-Seven must find Tamar before time -- or indeed her very life -- runs out. In this brilliant look at the music industry, Ed McBain once again combines his mastery of the form with the fast-paced dialogue and intricate plotting that have become his signature.

The best of McBain's acclaimed 87th Precinct series
