Gary Numan Fan Club Pack - au.soft4realestate.com

Electronic dance music (EDM), also known as dance music, club music, or simply dance, is a broad range of percussive electronic music genres made largely for nightclubs, raves and festivals. It is generally produced for playback by DJs who create seamless selections of tracks, called a mix, by segueing from one recording to another. EDM producers also perform their music live in a concert or ...

From humble beginnings in Middlesex, where money was scarce but dreams were encouraged, to the award-winning godfather of electronica, Gary Numan has seen it all. His incredible story can be charted in two distinct parts . . . The first: a stratospheric rise to success quickly followed by a painful decline into near obscurity. At school, Gary fell through the cracks of the system and was expelled. An unlikely but determined popstar, he earned his first record deal aged nineteen and, two years later, had released four bestselling albums and had twice toured the world. But, aged just twenty-five, it felt like it was all over. Gary's early success began to hold him back and he battled to reconcile the transient nature of fame with his Asperger's syndrome. The second: a twenty-plus year renaissance catalysed by a date with a super-fan. Gary catalogues his fifteen-year struggle with crippling debts, his slow, obstacle-laden journey back to the top (and the insecurity that comes with that) and why Savage reaching #2 in 2017 meant more than the heady heights of 1979. Gary also candidly discusses the importance of his fans; why having Asperger's is a gift at times; the inspiration behind the lyrics; flying around the world in 1981; IVF struggles and the joy of fatherhood and his battle with depression and anxiety. (R)evolution is the rollercoaster rise and fall (and rise) of one man, several dozen synthesisers, multiple issues and two desperately different lives. By turns hilarious and deeply moving, this is Gary Numan in his own words - a brutally honest reflection on the man behind the music.

"Dark, brooding and painfully funny." (Goodreads ??????) Two tribute bands. One ultimate prize. Zero room for failure. Having been blown away by seeing Gary Numan perform on Top of The Pops in 1979, Five went out and put an ad in the paper to form a tribute band. He named it 'The Romford Bombers'. They soon went on to dominate the annual Essex battle of the Gary Numan tribute bands. Until last year that is, when 'The Storm Troopers' came out of nowhere and stole their crown. The Bombers' 56-year-old lead singer will do whatever it takes to win it back. He also has reason to believe The Storm Troopers are pursuing a hidden agenda, and he's determined to get to the bottom of it. As Five wrestles with his suspicions, the Romford and Dagenham Gary Numan Fan Club organise one final battle of the bands. The winner will become the all-time ultimate Numan tribute act. The stakes have never been higher. Five enlists the help of his best mate, Pete - wild card and hacker extraordinaire - and the two dive into the dark web in search of answers to the following questions: - Why is there no trace of The Storm Troopers before last year? - Why does Ross, the Troopers' singer and Five's nemesis, have suspicious gaps in his knowledge of Numanology? - Why does he work at the local undertaker's and what are those weird neon lights coming from the backyard? And what would the real Gary Numan think about all this? Five has been writing to Gary, perhaps one day he will receive a reply. Read the book to find out what Five discovers about the mysterious Storm Troopers, the damnable, girlfriend-stealing Ross and his sinister deeds! It's time to get savage. PLEASE NOTE This book is not just for Gary Numan fans, but please be warned it does contain middle-aged men wearing eyeliner. Most of the characters come from Essex. If you are not familiar with that part of the United Kingdom, you may come away with rich cultural insights that change the way you perceive human existence. No lobsters or geography teachers were harmed in the writing of this book. If bad language offends you, It's probably best you read something from the cosy mystery section instead.

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform.
