Gex is a platform game developed by Crystal Dynamics. It was originally released for the 3DO in 1995; ports of the game for the PlayStation and Sega Saturn were later developed by Beam Software, and a PC version was licensed by Microsoft and released for Microsoft Windows. It was a pack-in game for Panasonic models of the 3DO later in the console's life. It is the first in the Gex series of ...

The GEX is intended for system-to-system data exchanges. Given that the GEX supports system-to-system data exchanges, there is not a user interface for customers to utilize. To communicate with the GEX, you must first have a need to exchange data between systems is a system-to-system (non-human) interaction.

Gex is a platform video game trilogy, developed by Crystal Dynamics, that details the adventures of an anthropomorphic gecko named Gex. He has served as the mascot of Crystal Dynamics, appearing on their company logo for several years until 2000. In the North American version, Gex is voiced by comedian Dana Gould throughout the entire series; the United Kingdom version features Gould, Leslie ...

History. The town gave its name to the Pays de Gex, at various times under the jurisdiction of France, Switzerland and the Duchy of Savoy. With the 1815 Protocol of the Conference of Paris, (signed on 20 November) and the Treaty of Paris of the same date, Gex was placed in the Customs region of Switzerland and neutralised. The resolutions regarding the Pays de Gex were annulled by Art 435 of ...

Gex refers to a series of video games featuring a wise-cracking, talking anthropomorphic gecko named Gex. Released in the mid-90s, the first game in the series Gex started a trilogy of platform comedic video games similar to Super Mario. The games feature overt parodies and references to other franchises, including Looney Tunes and Star Wars.
