One day, a little cricket is born and meets a big cricket who chirps his welcome. But the little cricket cannot make a sound. The cricket meets many insects, but it isn't until he meets a beautiful female cricket that he can finally chirp "hello!" Excerpt: Hello! whispered a praying mantis, scraping its huge front legs together. The little cricket wanted to answer, so he rubbed his wings together. But nothing happened. Not a sound.

This origami pack contains 100 high-quality origami sheets printed with 8 different bug designs and patterns. Introduces the world of crawling and flying insects through twenty simple craft projects.

Students examine their own basic needs and the needs of other living things around them. They explore the school building and neighborhood to determine how these areas meet their own needs. They then study some of the small creatures they find on the school grounds and the physical factors that affect these creatures' habitats. Each Teacher Guide includes: Specific teaching and management strategies Detailed teaching sequences for teaching the first three phases of the Learning Experience (Getting Started; Exploring and Discovering; and Processing For Meaning) Reproducible masters for Student Science Notebook pages, Group Recording Sheets, and Home-School Worksheets Extension activities in science, language arts and social studies Assessment materials (an introductory questionnaire, embedded assessments, and a final questionnaire consisting of performance and written components) Science Background (provides general science concepts as they are introduced and developed in the module) to help prepare teacher Teacher and Student Resources section (annotated lists of children's books, teacher reference books, and technological aids)

Some of the interesting insects illustrated and described are grasshoppers, bees, butterflies and fireflies.

Reproducible full-colour storybooks and storyboard cutouts provide ready-to-use activities. Includes information on: what is an insect; about insects; insect life cycles; insect helpers ; and a spider is not an insect.

Alan Pipes here provides an engaging introduction to the fundamentals of art and design for students embarking on graphic design, fine art and illustration - and also allied courses in interior, fashion, textile, industrial and product design, as well as printmaking.
