The Global Status Report on Alcohol 2004 is a new edition of the Report published by WHO in 1999. This edition provides an update of the role of alcohol in global health and contains data not found in the earlier edition. The Report seeks to document what is known about alcohol consumption and drinking patterns among various population groups, alcohol's impact on health worldwide and what is needed on a global basis to prevent and reduce alcohol-related injury and disease. For this new edition, more emphasis has been placed on enhancing the comparability of data by setting clear and comprehens.
