Diese neue umfassende Studie zu Simon Magus verleiht der Erforschung der frühen Christenheit und den Fragen nach Herkunft und Wesen des Gnostizismus neuen Nachdruck. Der Autor geht dabei von der traditionellen Exegese von Act 8,5-24 - der ersten narrativen Quelle zu Simon - und den späteren Berichten antiker christlicher Schriftsteller aus. In einem Überblick zur Literatur der griechisch-römischen Antike wird der Einfluss der Begriffe "magisch" und "die Magier" auf die Wahrnehmung und Beschreibung Simons bestimmt. Schließlich bezieht der Autor sozialwissenschaftliche Erklärungsmodelle und moderne Bestimmungen von "Identität" ein und gibt damit der Diskussion um das Phänomen Simons neue Impulse.

Okay, it's a fact. God made guys and girls different in more ways than just the physical. But how different could we really be? After all, we are all made in His image, right? Well, yes, but let's just say that guys and girls view the world in such different ways, that it's a miracle we communicate at all. What's worse is that girls this age often think they know what makes guys tick. That couldn't be more wrong! Chad Eastham tells it like it is . . . to girls . . . from a guy's perspective. As a popular presenter at Revolve conferences, he is known for his ability to speak truth and to give girls clearer perspective about guys and themselves as well as understand their own value. Chad explains, "You are incredibly valuable and worthy simply because God created you." Readers will also love watching Chad in action through free online streaming of his Truth About Guys DVD, which includes Chad's stage presentation as well as on-the-street interviews with teens and friends in the music industry. Meets national education standards.

Financial and Managerial Accounting, 4th Edition, provides students with a clear introduction to the fundamental financial and managerial concepts needed for anyone pursuing a career in accounting or business. Through a focus on accounting transactions, real-world industry examples, and robust assessment, students develop a solid understanding of how to apply accounting principles and techniques in practice. By connecting the classroom to the business world with an emphasis on decision making and key data analysis skills appropriate at the introductory level, Financial and Managerial Accounting ensures students are more engaged and better prepared for careers as professionals in the modern business world.

According to Christian sources from before the middle of the third century AD, the ancient evidence is unanimous that, although there were a few slight differences as to how weekends should be observed, one thing is certain and was uncontroversial: the main day of the week for early Christians to gather and worship was not the seventh-day Saturday Sabbath, but Sunday, which they sometimes called "the first day" or "the eighth day," or "the Lord's Day." The booklet also considers (1) whether the Lord's Day replaces the Sabbath, (2) whether the Sabbath was abolished, (3) whether Sabbath-keeping is forbidden, (4) whether the Roman Catholic church changed the Sabbath to Sunday, (5) whether Sunday is to be a day of rest as well as the chief day of public worship, (6) a critique of sources and authorities on which Sabbatarians rely in advancing their contentions, (7) whether some Christians before Constantine

observed Sunday rather than Saturday to prevent the Roman government from considering them to be Jews, who were allegedly persecuted before his reign, and (8) where readers can find translations of the sources for themselves. Focusing on pagan Roman and Jewish sources, this second edition considers whether Sunday-keeping began as a result of the Jewish revolts of AD 66-70 and/or AD 132-135 and examines the work of Samuele Bacchiocchi.
