Millions of Cats is a picture book which won the Newbery Honor award in 1929. It is about an old man and an old woman who were very lonely. They decided to get a cat, but when the old man went out searching, he found not one cat, but millions and billions and trillions of cats! How the old couple came to have just one cat to call their own is a classic tale that has been loved for generations.

An old man makes an unwise decision when he brings too many cats home to his wife.

So Many Cats is a charming counting story written in rhyming verse that tells how a household with one cat comes to have 12 cats.

"In Snippy and Snappy, we are introduced to brother and sister field mice living with their mother and father in a cozy nook in a hay field. Their father enthalls them with stories about gardens in big fields, houses in big gardens, kitchen cupboards in big houses, and big yellow cheeses in big kitchen cupboards." "One day Snippy and Snappy wander away from home while playing with their mother's yarn ball. Their journey takes them to a large house full of mysterious things, including cupboards full of wonderful-smelling cheese. Just as Snappy is about to nibble a piece of cheese in a mousetrap, their father jumps down to rescue them and lead them safely back home. Gag's delightfully detailed illustrations capture the coziness, wonder, and playfulness of Snippy and Snappy's adventures."--BOOK JACKET.
