Google Duo app review: Duo was a project that was initiated a couple of years back when the social media buzz began to increase engagement and people were more keen on talking face to face. Now since mobile phones are the favorite gadget of every individual out there, it would make sense to make things easier using mobile phones as a platform for everything.

Dual-SIM - A Dual-SIM compatible device means that it can carry two SIM cards simultaneously, typically in two different forms. This feature has yet to make a big impact in North America or Europe, but has found increased popularity in Asian markets and is slowly becoming a standard feature. The first form of Dual-SIM device is a DSS that requires the user to specify which SIM card is the active and which is placed in standby.
